Foaming Hand Cleanser

Description

Theraworx™ is a skin cleansing solution clinically formulated with the Silver Advantage and is designed to cleanse and nourish the skin without the harshness of alcohol. The Theraworx™ solution is considered all natural and utilizes three distinct mechanisms to provide its cleansing properties. Its unique cleansing ability is coupled with clinically significant amounts of skin healthy compounds that enrich and nourish the skin.

Clinical Significance

Utilizing Theraworx Foaming Hand cleanser with silver will increase compliance within your facility. With beta glucan's unique ability to help stimulate the skin's immune system, along with Vitamin E and Aloe, overall skin care will dramatically improve.

Therawash Silver Bathing System

Description

Therawash Silver Bathing System cares for the skin unlike other skin cleansers and bathing systems. It leaves the skin feeling refreshed, smooth, and clean with ingredients such as Aloe, Beta Glucan, and hydrating cleansers. Its patented system is clinically formulated for High Risk Patient Areas, and is a safe choice for total body cleansing.

Clinical Significance

Therawash Silver Bathing System provides a safe and highly effective patient care system. It eliminates the need for towels and other laundry at the bedside that must be handled by several different coworkers that could contribute to cross contamination. It is now being used exclusively in ICU settings and surgical floors as the system of choice with great reviews from health care workers, patients and family members.

Therawash Silver Care Pack System

Description

The Therawash Silver Care Pack System was developed at the request of nurses for areas on the body that are sensitive to most chemicals. The Care Pack System, formulated with the Silver Advantage, is safe and effective for the face and also an ideal product for the perineal area that is in need of proper cleansing.

Clinical Significance

Therawash Silver Care pack possesses unique cleansing properties that separate the dirt and oil and leaves the skin's ability to fight infection intact. The Silver Advantage is unlike any other system on the market. Safe and effective for the perineal area, it is ideal for cleansing around indwelling catheters and pre-cleansing of surgical sites.
